

## Sanford Health Network Chairman's Challenge Scholarship

Take the challenge. Earn a scholarship. Put your plans in action.

Sanford Health Network is offering a scholarship challenge to current high school and university students interested in rural health care.

Take the challenge: Submit your plan for the health care scenarios below.

- **High School Students:** Develop a plan to attract more students into health careers in rural settings.
- **Undergraduate, Vocational or Graduate Students:** Develop a plan that advances rural health care and allows rural communities to maintain or expand services in the face of changes to the health care industry.

### Earn a scholarship:

One submission will be selected in each of three categories.

- **High School students:** \$2,500 one-time scholarship for higher education program
- **Undergraduate or Vocational Students:** \$3,500 one-time scholarship for undergraduate program
- **Graduate Students:** \$4,000 one-time scholarship for graduate program

### Put your plans in action:

- The top submissions in all three categories may be invited to Sanford to participate in a ten week experience to help implement your solution

*The Sanford Health Network Chairman's Challenge can be submitted by an individual or group work. In the event that a group is selected, the scholarship will be divided evenly among the members of the team. All plans submitted will become property of Sanford Health.*

### Apply for the Chairman's Challenge

All scholarship submissions must include a completed application form and attach a plan that can be implemented based on the individual challenge. Format of your plan is up to you.

**Email your submission to:** [chairmanschallenge@sanfordhealth.org](mailto:chairmanschallenge@sanfordhealth.org)
