15th Place out of 145 schools

299 points

Comments “Alicia Turnquist again led the Warriors at the State Cross Country meet at Fort Dodge. She finished 49th out of 143 and 26th in the displacement team scoring. This was the highest finish ever in school history. When you consider approximately 650 runners ran in the state qualifying meet 9 days ago, Alicia’s 49th finish is quite an accomplishment. She is a very hard working girl and her leadership on our team and in the classroom are second to none. I am so very proud of all our girls. We have made it to state 2 years in a row. Just a few years ago that seemed like an impossible accomplishment. Another runner that had a good race was senior, Lauren Falck. Lauren ran her best time of the year and picked a perfect time to do it in her last Cross country race of her high school career. Alicia and Lauren were chosen as the most outstanding performers on the Alta-Aurelia team. Thank you to all the Alta-Aurelia fans that made the trip to Fort Dodge today. It was another outstanding year for the warriors.”
